AMERICAN MONEY IS VERY POTENT

Would be No Constitutional Crisis In Great Britain but for Its Presence.

LONDON STANDARD IS SILLY

It Says Redmond's Patrons Are Not The Poor but American Capitalists And Millionaires.

London, Nov. 17.-Politically this was an uneventful day with the exception of Arthur J. Balfour's speech at Nottingham, which was awaited with keen anticipation as an exposition of the Unionists' election program. Curiosity was aroused as to whether the Unionist leader would make any new departure on the Irish question.

It was quickly evident that except on The question of the reform of the house the question of the reform of the house of lords, on which the Unionist party is now firmly committed to Lord Rosebery's scheme, the Unionist platform stands the same as at the last general election in all its planks.

Mr. Balfour referred only incidentally to the home rule question, but sufficiently indicated he was in as complete opposition to it as ever. Thus the Unionist election policy in the main will be to pit reform of the house of lords against the Liberals' demand for abolition of the yeto power of the lords.

against the Liberals' demand for abolition of the veto power of the lords.
The situation between the opposing forces tonight appears less aggravated. There is a disposition on the part of the Liberal side to give the peers a longer time to debaate the veto bill, possibly even to the extent of admitting a reasonable amendment provided this did not interfere with the principle of the bill.

Mr. Balfour has now set the seal of his approval on the adoption of "Amer-

but for this American subsidization of the Nationalists.

"It is Redmond's, not Asquith's cri-sis," says the paper. "Redmond's pa-trons are not the poor, like Parnell's, but the affluent. It is the American business man, the American capitalist and millionaire who are financing the home rule party for purposes of their own. They do not love England, and they want to prevent the adoption of tariff reform."

Mr. Balfour in his Nottingham speech Mr. Balfour in his Nottingham speech said that the house of fords memberably should be reduced to men of public service. There should also be an element elected by the peers and another element equal to the other two, representing the great bodies of public opinion. He opposed a wholly elective second chamber, because it would usurp the resition of the first. the position of the first.

REFORM OF HOUSE OF LORDS.

REFORM OF HOUSE OF LORDS.

London, Nov. 17.—In parliament to-day Lord Curzon strongly urged the adoption of resolutions for a reformed upper house in which the hereditary element would not exercise a preponderate influence.

Baron Courtney disagreed with the view of the government that the constitutional conference having failed, it was impossible for parliament to reach an agreement. He deplored a threat had been made to take the matter out of the hands of parliament and to appeal to the man in the street.

The resolutions carried without division are as fellows:

In are as follows:

First—That the house of lords shall consist of lords of parliament (a) closen by the whole body of hereditary peers from among themselves and by nemination by the crown; (b) those sitting by virtue of their offices and

PUTS AN END TO INDIGESTION AND A SOUR, GASSY, UPSET STOMACH

Take a little Diapepsin now and | your Stomach will feel fine five minutes later.

As there is often some one in you family who suffers an attack of Indigestion or some form of Stomach Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after. Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diapepsin, they would be a sourced to the case of pape's plain they would be a sourced to the sou then you will readily see why it makes Indigestion. Sour Stomach, Heart-burn and other distress go! In five minutes, and relieves at once such miseries as Belching of Gas, Eructa-

tions of sour, undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders,

Some folks have tried so long to find some folks have tried so long to had relief from Indigestion and Dyspep-sia or an out-of-order stomach with the common, every-day cures adver-tised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a srious mistake. Your real trouble is, what you cat does not digest; instead, it forments and sours, turns to acid. Gas and Stomach poison, which putrefy in the digestive tract and intestines, and, besides, poison, which but have besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

qualifications held by them, and (c) those chosen from outside.

Second—That the term of tenure of all lords in parliament shall be the same except in the case of those sitting ex-officio, who would sit only as long as they hold office by reason of which they sit.

The measure was adopted with minor amendments. Liber will have its day tomorrow, when consideration of seven propositions arrecting labor will come up in committee of the whole. All were reported favorably by the committee on labor without a single minority report. The propositions include prohibition of child labor, a poinpulsory semi-monthly pay day prohibiting the exchange of black lists by corporations, providing an eight-hour day and non-employment of aliens on ribile works, creating a department of abor with a labor commission, board of rehitration and state boiler inspector.

MAYOR GAYNOR SHAKES UP NEW YORK POLICE

New York, Nov. 17.—The shake-up in the police department, predicted ever since Mayor Gaynor took office, came to-gay. The changes made strike at the foundations of the police department and place the entire detective force on a new footing.

Beginning Saturday, there will be no more branch detective bureaus in any of the boroughs except Brooklyn. Detectives will no longer report to captains of precincts or to inspectors of districts, who will be directly responsible to the inspector at headquarters in charge of the entire bureau, who in turn is under the second deputy commissioner, William Flynn.

the second deputy commission.

In short, the plain clothes men, the handy men of captains and inspectors, the ready errand runner for "the system," has come to the end of his rope. Detectives will be no part of the precluct command and will work independently of the uniformed police. This is the policy of the Eaglish detective force wilch works under Scotland Yard, a centralized control, and it also is in line with the policy of the secret service in this country.

with the policy of the score service in his country.

More than 60 detectives will have to adjust themselves to the new order. They will have nothing to do with gambling, disreputable houses and keeping the streets clear of soliciting, which will be looked after by a special squad. Their business will be to rundown criminals.

They will even refrain from making agressis wherever possible, leaving that to the uniformed officer, whose face can become known to the criminal world without Imparing his usefulness.

Kansas City, Nov. 18.—Dr. Charles Myers and his wife, who were sent to Ketchikan, Alaska, as missionaries by the congregation of the First Presuyterian church of Kansas City, Kan, six years ago, have resigned and returned to their home.
